Partnership · Prime+ · Powered by CINC · Referral fees paid to Prime RE, LLC

PROGRAM OVERVIEW

The Prime Program (Prime is now an umbrella term covering both Prime Partnership and Prime+ Programs) is a partnership between Prime RE, LLC and CINC that gives real estate agents access to marketing-funded leads at no upfront advertising cost. Agents receive leads directly into their CINC platform and pay a referral fee to Prime RE, LLC only when a Prime Lead closes. There are two service packages:

Prime Partnership is the introductory tier, available for a maximum of 12 months. Prime funds a monthly marketing budget to generate leads and delivers them into the agent's CINC platform. It includes CINC University access, online conversion training, and monthly Client Advisor check-ins. Clients who complete Partnership transition to Prime+.

Prime+ is the full-service, ongoing program. It includes a guaranteed annual lead volume (defined in the Services Agreement), Prime Conversion Coaching (exclusive to Prime+), CINC University access, and a named Client Advisor running standing monthly success meetings. Prime+ auto-renews in 12-month terms with no maximum program length.

Lender Partners: If a lender partner is contributing to the **client's CINC Prime+ invoice**, they are required to pay a **\$200 Lead Access Fee** to Prime RE, LLC. This fee is collected via the Prime Recipient Order Form, which can be signed at the point of sale, during onboarding, or at any point mid-term. *This is only for Prime+.*

HIGH LEVEL PROGRAM CHANGES

- ◆ **Prime+ Auto-Renewal:** Prime+ now auto-renews into a new 12-month Prime+ term at the end of each contract period. Previously, Prime+ went month-to-month if a new contract was not signed at term end.
- ◆ **Prime Partnership Auto-Renewal:** Prime Partnership auto-renews month-to-month if a client does not renew into a new contract at term end.
- ◆ **Lender Lead Access Fee (Prime+ Only):** If a lender partner is contributing to a client's CINC platform on Prime+, they are required to pay a \$200 Lead Access Fee to Prime RE, LLC. This does not apply to Prime Partnership.
- ◆ **TMS Connection — Now Required for All Participants:** All Prime Program participants (Partnership and Prime+) must connect their transaction management system (TMS) to CINC at the point of onboarding for Prime Lead tracking.
